

## Valeriu Domnici

General Manager  
Boston Atlantic Wharf

Valeriu “Val” Domnici is the perfect example of someone achieving the American Dream. Born in Romania and immigrating to the United States in 2000, he began his career with Smith & Wollensky just three years later. He first worked as a server within the Las Vegas location. Colleagues quickly saw that his work ethic, positive attitude and passion for food poised him for greater things. In August 2007, he was offered a management position that allowed him to further develop his leadership skills and promote the values of the company.

His achievements in that role led him to the 2011 promotion as Assistant General Manager, charged with opening the Boston Atlantic Wharf location. After several years in the position, he relocated to sunny Miami to serve as the Assistant General Manager of the high volume Smith & Wollensky Miami Beach at South Pointe Park.

His successful tenure and experience with the company lead to his promotion and relocation back to Boston. In June of 2014, he returned to his team at the Atlantic Wharf location, assuming the position of General Manager.

YOU'VE ARRIVED.™

Smith & Wollensky
