

Nice to See You Again!

A MESSAGE TO OUR GUESTS:

Welcome back! It is so nice to see you again and we want you to know your safety and comfort remain our priority. In keeping with our commitment to exceeding safety and sanitation standards, we will continue several protocols as appropriate beyond the local and state guidelines, making assessments as information evolves.

In the spirit of working together with our suppliers, neighbors and guests – we simply ask that everyone continue to follow CDC recommendations as they pertain to your own personal circumstances. We are prepared to offer masks and socially distanced options to any staff member or guest upon request. If there is anything we can do to make your visit more comfortable please let us know. We respect and appreciate all perspectives and will do our very best to foster a safe and enjoyable dining experience for all.

Sincerely,
Smith & Wollensky Restaurant Group
